## Comment text:

I see no benefit to the splitting on Long Ditton, away from Thames Ditton - collectively known as The Dittons. for which there are numerous organisations to cover 'The Dittons', including Libraries, Police etc.

Joining Long Ditton to Hinchley wood and Thames Ditton to East Molesey, makes no sense what-so-ever and would break a historical joining on Thames Ditton and Long Ditton.

If there are other forces at play, it seems to be a waste of tax-payers money for the sake of reviewing boundaries. I am, whole-heartedly against the suggested proposals and speak on behalf of a number of neighbours and the community ( being part of the local residents association ).
