Related subject: Ryton

Ryton ward includes Stella and Stella Riverside, the riverside estate is one of those poorly thought out things and has no amenities on site. People who live there are more likely to go to Blaydon than to Ryton for things like shopping and doctors. It seems as if their views are more relevant to Blaydon than to Ryton. I agree with the other boundaries, they seem to be well suited but Stella is a weird one that kind of sits in no mans land.
