Comment text:

Dear Colleague

Two comments come to mind: firstly, make sure the name of wards reflects ALL the people of that ward. I think, for example, of Aldridge-Brownhills which for years made no mention of Walsall Wood: why should the npeople of Walsall Wood have taken any interest in elections when the name of their township was not reflected in the name of the ward? Daresay there are other, similar examples within the Borough.

Lastly, a cry of the heart. The historic boundaries of Staffordshire should be restored, undoing the ignorant vandalism of the 1970s, which detached so many people from a key part of their identity.

Thank you,

[REDACTED]
