## Comment text:

**Related subject:** Waverley

Thursley Parish Council would like to stress the importance of the Waverley Western Villages continue to be known as this. We strongly oppose the proposed description of Frensham, Elstead and Hindhead as this does not accurately reflect the other villages in the area such as Thursley, Churt and Dockenfield. Why would you only show the names of some of the villages in the area?

Western Villages is the recognised name for the area so why do you feel the need to test an alternative as part of your recommendations (132)? Thursley Parish Council cannot understand why you would suggest such a thing following your original feedback. As per our original response, we strongly believe that Waverley Western Villages is appropriate.
