AGREE : Buckland Parish Council is pleased the LGBCE has taken on board the feedback set out in the earlier responses from each of the parishes within the recently defined district ward of Brockham, Betchworth, Buckland, Boxhill and Headley ward which asked:

- for the five interlinked communities of the ward to be within the same county division; and
- LGBCE to avoid combining Mole Valley's rural communities with the market towns of Dorking and Leatherhead or the more suburban communities to the north of Dorking.

Council, having informally consulted its parishioners wishes to express a preference for Dorking Rural, a name that is well established to be retained.
