The current Sawley Division is an odd configuration. The Eaton Grange (DRW4) and Pennyfields Estates (WIL1) are a long way removed from Sawley and the division itself doesn't therefore represent a community. The WIL3 and WIL5 polling districts being the other polling districts around the station and that access Sawley shops via the Railway bridge and are connected via the twitchels (pedestrian cut-throughs) to Sawley form a more contiguous community. Swapping WIL3 and WIL5 for DRW4 and WIL1 in Sawley creates a better balanced Division more geographically suited to the title Sawley division. DRW4 and WIL1 would then be added to the current Petersham division (which could be renamed Long Eaton North). Long Eaton central losing a Polling district better balances it against future growth.
