**Related subject:** Electoral boundaries

We live at [REDACTED], Clowne, but the electoral boundary goes round our house & puts the house in Creswell, but much of our garden in Clowne. The boundary line looks like someone jumped as they were drawing the line, as it goes down Hollin Hill from Church Lane, 'blips' round our house & then rejoins Hollin hill - and it makes no sense! We are the only house on Hollin Hill not in Clowne - and we are approx 2 miles from Elmton & Creswell!
