**Related subject:** Stebbing in saffron Walden constituency

Proposal to move Stebbing from saffron walden (Uttlesford cc) to Braintree for electoral purposes does not make sense, our local amenities/district council are in Dunmow/uttlesford yet the new boundary would give us an MP covering a different area; how can he/she represent our interests adequately. This is a misalignment. Also Stebbing is rural and more similar in needs to small market towns such as Dunmow and saffron Walden in uttlesford - not a large town such as braintree. Our voice would be lost in elections.
