Related subject: LGBCE boundary change proposal to split and eliminate Oxshott

Why should one wish to remove the name of one of the best places to live in the UK & also to remove a name first recorded over 800 years ago? Oxshott is surrounded by green belt, beautiful forests and heaths largely enjoyed and protected by the residents. It is difficult to imagine any justification for splitting Oxshott in two by drawing the line along the road through the village. I reject the recommendations of the LGBCE.
