I completely disagree with the proposals to change the treatment for Oxshott and its boundaries. This is a thriving community with schools, a church, shops, a medical centre, a train station and many busy social meeting places. There are frequent village fairs and events. It is defined by the green belt that surrounds it. There can be no justification for carving this 5000+ strong community up into two separate sections, separated by its own main road through the village! That would be a means only to satisfy some arbitrary calculations for voting figures.

I fundamentally reject the recommendations of LGBCE for the way in which it proposes to treat Oxshott and its suggestion to the obliterate its name from council records. It's highly disrespectful to local residents.

In my view, LGBCE should revise its recommendations on a basis that properly respects the second key consideration of LGBCE of "Ensuring that the recommendations reflect community identity". This is best achieved by retaining the existing boundaries whereby Oxshott continues to be part of the division of Hinchley Wood, Claygate & Oxshott.
