**Related subject:** Oxshott proposed new boundary

I have been a resident of Oxshott Village for 28 1/2 years & therefore reject the recommendations of LGBCE for the way in which it proposes to treat Oxshott. As a Village, Oxshott has a population of about C. 5,000+ people. It is a Village that is largely surrounded by Green Belt with its own charming High Street, its own Doctors Surgery, its own schools, and its own main line train station. There can be no justification for dividing the community in half particularly by conveniently & arbitrarily drawing a line down the A244 (a main road). And there can be no justification for the destruction of the name of Oxshott in the LGBCE recommendations.

The recommendations accord to Oxshott an orphan status whose population can be conveniently carved up to suit LGBCE's arithmetical requirements. It sacrifices the concept of community and is frankly disrespectful to my neighbours - the residents of Oxshott. I therefore politely request LGBCE to revise its recommendations on a basis that properly respects the second key consideration of LGBCE of "Ensuring that the recommendations reflect community identity". In my view this can best be done by retaining the existing boundaries whereby Oxshott continues to be part of the division of Hinchley Wood, Claygate & Oxshott.
