Dear Sirs

I am unhappy with what you are proposing for our area in Guildford Jacobs Well to be shoved into Guildford North from Worplesdon.

How will Jacobs Well benefit from the proposed boundary change?

Why do Jacobs Well need to change their Division when there has been no issues with Jacobs Well current Division?

I voted at local elections and was pleased that the right candidate won.

We at Jacobs Well are semi rural and not part of an industrial estate or council estate.

Yours faithfully
