Related subject: Oxshott boundary changes

I am totally opposed to the proposed boundary changes for Oxshott. This, in my view, will divide the community and result in Oxshott losing its identity. I am particularly concerned about the possible consequences for funding of improvements to the A244. My property is on the A244 to the south of the village and there are issues around lighting, inadequate footpath into the village and speeding traffic/noisy HGVs. This is a retrograde step for Oxshott and I hereby oppose these changes.
