Comment text:

Related subject: Hinchley Wood

I disagree with the proposal submitted by the Liberal Democrats to split off Weston Green and link it with Molesey. Hinchley Wood have for a number of years enjoyed a cordial and highly co-operative relationship with Weston Green and Thames Ditton which incidentally have been linked together for several hundred years. I do not believe the proposal pays sufficient attention to the even split of voters across the wards. Surrey County Council's initial proposal was perfectly acceptable. With respect the principal motivation for the Liberal Democrats proposal was purely to suit their own political ends. Surrey's on the other hand is, quite correctly, motivated by logic and neutrality. That is the objective way in which boundary reviews should be approached.
