Comment text:

Hi,

I live in Weston Green [REDACTED] having lived in Thames Ditton for 12 years with my children attending TD Infant, Junior and now Hinchley Wood schools. I do not want the boundaries to change to separate us from Thames Ditton as my family has a very strong connection with the village and with many of the local activities. I actively support the local residents association and attend many local events.

I feel this proposed division will reduce electoral equality making Thames Ditton too small. Weston Green's identity is clearly part of Thames Ditton as the main roads of Hampton Court Way and Portsmouth Roads and the river act as natural barriers which make Thames Ditton and Weston Green a single area. And I can't see how this proposed division will make local government more efficient.

Please do not progress with this proposal to change the divisions.

[REDACTED]
