Comment text:

I strongly object to the proposed changes to the Dittons division of Surrey County Council which makes no sense and has been promoted/supported by political parties not supported by residents of Thames Ditton or Weston Green.

At the 2023 EBC elections, Lib Dems received around 20% of votes in both Thames Ditton and Hinchley Wood and Weston Green with Residents Association candidates being elected with around 60% of votes. Our residents' associations object to the proposals and support the views of Surrey County Council who have suggested minor changes only

I believe that the proposals to 'carve up' the Dittons Ward make no sense and are at odds with your own objectives.
