### BOUNDARY COMMISSION REVIEWS - SURREY

I have lived at Weston Green for over 40 years and I have always regarded it as part of Thames Ditton because of its links and connections with the area. That is why I regarded the separation of Weston Green from Thames Ditton and joining Hinchley Wood (which we were first informed about a year or so ago) as a great mistake especially as we were told it was apparently related to numbers of voters.

Hinchley Wood is a very attractive area and I use the shops there regularly but it is separated from Weston Green by the busy Portsmouth Road, the South Western Railway Line and several acres of Common Land and Woodland, and therefore has no real connection with Weston Green. Yet the boundary of Weston Green and Thames Ditton is hardly identifiable and the houses in each ward are close to each other.

It is bad enough to separate homes close to each other with a history of being near- neighbours but to join them up with houses a long distance away from each other seems totally inappropriate. I object strongly to the proposal which has ignored the historical links between Thames Ditton and Weston Green. Also, Thames Ditton is part of our address.
