## Comment text:

We are writing to strongly object to the proposed boundary changes for Weston Green, Surrey KT10 8HX.

For over one thousand years Weston Green has been a joint parish with Thames Ditton. The proposed changes, would cut off Weston Green from numerous community and support initiatives and fracture our tight knit community. Our extremely active and non political Residents Association is the second oldest in the country and is invaluable to our local community.

We strongly urge SCC to reconsider these proposed changes so that Weston Green and Thames Ditton can continue their historic and important work for the good of all the local residents.

Yours

[REDACTED]
