Comment text:

Dear Sirs

We write to express our objection to Boundary Commission proposals to separate Weston Green (WG) from Thames Ditton (TD). We feel that the proposal for WG and TD to form parts of two new divisions will detract from the long-established cohesiveness of our communities whilst also contradicting the recommendations of Surrey County Council and Elmbridge Borough Council

We would urge the Boundary Commission to reconsider this proposal and to leave the boundaries as they are; both the WG and TD communities have functioned together perfectly well for many years and this should not be changed

With best wishes
