Comment text:

As a resident of Thames Ditton I feel very strongly about maintaining the close relationship with our neighbours. Why on earth would we be separated from our long standing and closely knit community of Long Ditton and Weston Green..

There is absolutely no reason to start moving boundaries. As always this is probably a political move and not one which is in any way beneficial to residents of this area.

I very strongly disagree with the plan. Our local magazine for Thames Ditton and Weston Green has been well established for many years, why try to divide such a strong community....
