Personal Details:

Name: [REDACTED]
Email: [REDACTED]
Postcode: [REDACTED]
Organisation Name: (Member of the public)

Comment text:

I endorse the the conclusions submitted by Fedora on the proposed changes to the boundary from the LGBCE. The proposals as described will divide a community that dates back generations. The proposals smack of bureaucratic insensivity. The total number of electors involved is relatively small and completly insufficient to justify the destruction of the organic community that is Oxshott.
