I'm sorry to have to write this again. Your web page failed me - twice - and deleted all my text!! I am disagreeing vehemently with your proposal to disconnect Long Ditton and Thames Ditton and to connect Long Ditton to Hinchley wood. Long Ditton has a sufficient identity crisis as it is, being connected with Surbiton for it's postal address! The Dittons have been joined at the hip since medieval times and always work together on any important local issues. There is a strong sense of connection which simply does not register when it comes to Hinchley wood. I can't help wondering why you're trying to do this, it seems to offer zero potential benefit to the denizens of either/any of the Dittons. Please don't go ahead with this!
