Comment text:

I disagree with the proposal. I've been a long term resident of Esher and more recently a resident of Hinchley Wood. Hinchley wood is a part of Esher and Weston Green, not Long Ditton. If boundaries are to be done it should be done in relation to postcodes and to an extent historical means. Early residents of Hinchley Wood Petitioned the Esher Urban District Council (now Elmbridge) to be part Esher not The Dittons. By making these changes it has the potential to negatively affect the local area, its history and future. Please ensure Hinchley Wood and Claygate remain part of Esher.

Also, I'm suspicious that there are alternative motives to benefit certain areas or people to update with these proposed divisions.
