**Related subject:** Surrey Draft Proposal - Elmbridge

I strongly object to the recommendations of LGBCE for the way in which it proposes to treat Oxshott and the lack of any meaningful or proper consultation or awareness campaigns of this process even being underway.

Oxshott is a community defined by its own High Street, medical centre, schools, and the train station. It is not justified to split an existing community by drawing a line down a main road and removing its name - which identifies the community.
