## Comment text:

Dear officer

We have been informed that there are currently discussions underway regarding potential move of boundaries so that Whiteley Homes Trust would move to the Weybridge ward away from its current location in Hersham. We have enjoyed falling in the Hersham Division of Surrey County council for quite some time. We have strong Historical links with Hersham and many of our residents do their shopping at the Centre; others are registered with the doctor's surgery; and a number are regulars at the Hersham Centre for the Community. We also over recent years have been establishing much stronger link with the Parish of St Peters with the Reverend Jackie Richardson and her team. From our perspective it would make sense for us to remain within that boundary.

Kind regards

[REDACTED]
