Comment text:

Related subject: Long Ditton

The proposed changes to separate Long Ditton from Thames Ditton would be a pointless, wasteful, and frankly devastating blow to our two communities. We have been linked since the Middle Ages and share so much in common. Our schools, friends, families, and even our Scout Group are all intertwined.

We use each other's shops, pubs, and green spaces. We support each other's causes and we will stand together against this proposed change.

Long Ditton and Thames Ditton are not just two separate villages. We are one community, and we absolutely will not be torn apart.

Our villages together are known as "The Dittons" - I don't think it can be made any clearer than that!
