## Comment text:

Dear Commissioners,

I am writing to you as a past [REDACTED], and strongly urge the Commission to confirm its initial recommendation that Whiteley Village remains in the Hersham Division, rather than be moved to Weybridge, with which it has virtually no connection.

Residents of Whiteley Village consider themselves to be very much part of Hersham - they use the Hersham medical facilities, the local shops, the Centre for the Community, the local churches, the weekly Village Market and public transport to and from Hersham is readily available for all residents should they wish to use it. I should add that transport services to Weybridge are very sparse.

As a Hersham resident I have many friends living in Whiteley Village, visit them on a regular basis and write also on behalf of many of the residents. This historical village has been part of Hersham for over 100 years and we all consider it to be a jewel in our crown. I therefore would encourage you to keep Whiteley Village within the Hersham Division where it rightly belongs.

With kind regards,
