Related subject: Wards

Feel strongly that Netherton has been left behind with support due to the wards we are in . Surely Honley and Netherton should be in the same wards as adjoining villages .. Netherton has always had divide lines with the wards. It's about time Netherton got some of the support it deserves. We are left with a derelict village hall , poor rds ,over grown trees on rds . It seems that all services have been stopped . Bus service is worse than it was in the 80s . Part of the village has no service , the part without a service is where most of the elderly are , unbelievable that the bus to this area runs late at night and Sundays only. The bus service is from Meltham picking up at Netherton nearly always a single decker and full .I feel Netherton is being overlooked .
