## Comment text:

**Related subject:** Netherton

I lived in Armitage Bridge for 17 years and really part of Netherton. I have always felt part of the Holme Valley, utilising the facilities there, shopping, transport, eating out, GP practices, socialising, charitable donations. It feels that the area serves better aligned to this area and from talking to many individuals they feel the same. It will be a devastating shame to move it into the Huddersfield ward.

I have since moved to Berry Brow but continue to utilise the Holme Valley facilities more. Although Huddersfield Town regeneration continues to move forward and I will be supporting this more in the future.

Please reconsider Netherton to be part of the Holme Valley district
