I strongly believe the council is far too big. There are parts of Kirklees that should be part of Leeds council, and surely Birkenshaw should be Bradford? I would like to see a separate council to cover Huddersfield & the Colne & Holme valleys only. I feel my council tax is being spent in areas that are no part of Huddersfield. Eg batley & dewsbury. Time for a smaller council. Why are you so far in debt? Many many new houses (big) houses have been built, all paying one of if not the highest council tax in the country. Time to rip it up & start again
