To whom it may concern,

I am writing to you to object to the proposal for boundary changes in Silksworth, on behalf of myself and my other 9 family members (my mother (45) , father (45) , brother (19) , auntie (43), uncle (50), cousin (21), nana (65), great aunt (73), and great nana (94)) .

We fear that the current proposal to remove parts of Silksworth and the surrounding areas would damage the culture and history of Silksworth. The proposal of the boundary change has shook our family, and we have all agreed that the plans are deeply concerning for us. Our family heritage is deeply connected to Silksworth and the village itself has been home to our family for generations, and the thought of that not standing for mine, my brothers, and cousins future children is quite upsetting.

The history and heritage of the community should remain, and should not be tampered with, to preserve Silksworth. As the saying goes 'don't fix it if it's not broken' and in our opinion the boundaries do not need fixing. So please leave our community Silksworth as it is.

We urge you to reconsider these proposals which decimate our community spirit and identity. And instead we ask you to preserve the unity of Silksworth, respecting its unique character and history for our future generations.

From a deeply concerned resident of Silksworth age 22.
