I think some of the ward names are outdated and I am in favour of some of the draft proposals such as replacing St Peters for Roker. I would retain Fulwell rather than using Seaburn for the North. I would ensure that you have to vote at a polling station that is actually in the electoral ward that you are voting for rather than currently living in Fulwell ward but voting in Southwick ward. I favour Grangetown over St Michaels too as that's more apparent and obvious where you live.

I would only have 25 councillors, one per ward and make this a full time paid job as 3 in each ward is unnecessary.

I would also introduce a rule where you can not be in a relationship with, related to or living with any other serving councillor from any party within the city. Currently we have 75 councillors from a city of 277,733 so 0.02% as councillors and the amount of these 75 that are related, married, co-habiting is ridiculous and leads to unfair and biased decisions for us as residents.
