## Comment text:

**Related subject:** Sunderland north

I only found out about any of this by accident from Facebook.

I am not happy that neither the Council nor our" elected representatives " have raised any of this.

I obviously don't know enough to comment.

From what I have seen loads of my fellow citizens are in the same boat.Apparently every ward is affected. I now live in what I think is St Peter's.

What is happening here?
