Related subject: Ryhope/Hollycarrside

I have only come across this proposal through a social media post making the public aware. I was not aware however that Ryhope ward mainly Hollycarrside are being split. So half of the estate of Hollycarrside will be in the Ryhope ward and the other in Grangtown/Hendon. What a completely useless and pointless exercise and what a waste of money. I dread to think how much has been wasted on consultations to do this of which reading your proposals isn't really going to make that much difference to current numbers for councillors/wards etc. Yet another waste of tax payers money and to not even make the public aware. I would like to know how this can be opposed and if the public actually do have any input. Going on the information on here you will have a road through Hollycarrside split between 2 wards, stupidity at it's best. I personally am against this proposal for my area.
