Re: Boundary Commission Proposals  
reviews@lgbce.org.uk  
Dear Sir/madam,

Slight adjustment to preserve community affinity

I am contacting you about your proposals for the Roker, Fulwell and Seaburn areas.

I live in Roker and believe that the Commission's proposals north of the River could be strengthened by making some small changes.

The boundary between Roker and Fulwell Wards should be moved north slightly - along Browne Road, rather than Side Cliffe Road.

As Side Cliffe Road borders Roker Park, Roker URC Church etc it would not be an appropriate boundary between Roker and Fulwell - it should be a street a few streets north.

I also believe that Newcastle Road is a sensible and easier to understand boundary that should be respected north to south to ensure consistency. This would keep the Coniston Avenue and Kirkstone Avenue areas in Fulwell instead of Southwick, with which they do not share

much affinity.  
Best wishes,  
Yours faithfully
