I have lived in hollycarrside for 55years i strongly disagree with moving the boundary wehave always being classed as ryhope thats were all of my dads family was born aswell all of my family and children have gone to ryhope school and would not like to be known as living hendon or grangetown .also we all drive cars if your classed as living in hendon the insurance wil go up. Just leave well alone dont change things that shouldnt be changed [REDACTED]
