Comment text:

Hello, We wrote to you previously regarding the proposed boundary change of Hastings Hill, Grindon, Thorney Close and Springwell to include Pennywell and South Hylton. We wanted to say the original proposal of Hastings Hill, Grindon, Thorney Close and Springwell ward should stand and not include Pennywell and South Hylton.

The A183 is an obvious boundary between the existing four above and Pennywell and South Hylton.

Public transport is good between Hastings Hill, Grindon, Thorney Close and Springwell, this is not the case with Pennywell and South Hylton, which is difficult to get to having to cross Chester Road a busy dual carriageway and only having an dirty underpass to use as the council refuse to give us traffic lights at the junction with Sevenoaks Drive.

Please keep the original proposal and not change it.

My husband and I have lived in Hastings Hill for over 40 years so hope these thoughts are taken into consideration when a decision is taken.

Regards
