I am totally apposed and I disagree that the boundary in Ryhope ward is being moved.

As you will see from my address I live in Ryhope hollycarrside may be an area but it's Ryhope where I have lived for 55 years my parents and grandparents lived in Ryhope. My grandfather worked in Ryhope pit from the age of 13 until it closed. My doctors surgery is in Ryhope in the same place it has been since I was born. I attended Ryhope infant then Junior school. Many of my extended family live in Ryhope and there is a strong community link between a lot of the families who for generations have lived in Ryhope and I fail to understand why after all these years for the sake of what appears to be some whim you are trying to smash communities and leave a few streets of people isolated from the community many of us have been a part of for years. If the boundary is moved to leechmere view/way this will mean I live over the road to people I have know for 55 years but I'm no longer a part of that community. This cannot and should not be allowed to happen as it seems it's more about excluding half of the voting area MO2 and whoever is pushing for this should be ashamed that they are pushing forward their political agenda and smashing communities in the process. The boundary should be the Toll Barr as the industrial units create a natural boundary. I hope whoever is making these decisions considers what is best for the people of Ryhope!!
