**Related subject:** Fulwell

FAO boundaries commission

With regards to the proposed transfer of my address to the Southwick ward, I wish to wholeheartedly object and want to remain in the Fulwell ward.

The streets between Newcastle road and the railway line are all an integral part of Fulwell and not southwick, they share community facilities like Sea road shops, Fulwell infants school, Monkwearmouth academy and the blue bell pub instead of west of Newcastle road or in southwick.

I feel strongly that the boundary between Fulwell and southwick should be Newcastle road, not the railway line.

I also feel strongly that this is being proposed by the council in order to manipulate future election outcomes for Fulwell ward and voting boundaries.
