## Comment text:

**Related subject:** Hastings Hill

We wish to write to protest strongly against any possible boundary merging in our area. We have lived here now for twelve years, and things are fine as they are. Chester road is a hard obvious boundary. It is a busy dual carriageway which separates Hastings Hill and Grindon from Pennywell and which is difficult for us to cross. It divides communities rather than bringing them together. The council have continuously refused to put a safe crossing in place to join the two sides, so why should we join them boundary wise ?? The subway crossing is not used by elderly people, owing to groups of youths drinking down there, and off road motorcycles using it as a crossing. We agree with the commissions proposal to keep Grindon, Thorney Close, Springwell and Hastings Hill together in one ward.
