**Related subject:** Hastings hill

I do not think it is a good idea to merge Hastings hill, Thorney close and Grindon with Pennywell and South Hylton.

I have lived in Hastings hill over five years and the current situation seems to function fine as it is. We even share a Facebook page between the three areas that has regular updates.

Hastings hill, thorney close and grindon share a virtual seamless connection with each other with plenty of shared facilities.

A significant border exists between the proposed . The dual carriageway between the two provides a significant physical and visual border with transport between the new proposed communities difficult.

So to sum up, I am against the proposal to merge Hastings hill, thorney close and grindon with pennywell and south Hylton.
