## Comment text:

Dear Boundary Commission,

I am writing regarding my concerns to the possible changes to local government boundaries. I live at [REDACTED] and feel this street belongs to the Fulwell community, not Southwick. We are close to Sea Road and Fulwell schools. Despite having an 'SR5' post code I feel that this area is very much Fulwell. I used to live up Southwick in Darwin St and when we moved down to Kirkstone Avenue it felt like we had definitely moved to a different area altogether. I feel that streets and amenities this side of Newcastle Road are in Fulwell, not Southwick. I strongly feel the boundary commission between Fulwell & Southwick should be Newcastle Road, not the railway line.

Please take this and other neighbours views, into consideration.

[REDACTED]
