Disappointed with the new proposal and its affect on Shiney Row ward. The ward is now elongated with no central point. I would prefer to see the ward more circular to encompass areas west of the A19 including Herringtons other than East Herrington (east of A19) up to and including Shiney Row but not Elba Park as it naturally lends itself to Houghton wards. Schools and shops are used by the whole community including those around Herrington Burn and Shiney Row Roundabout. The name of the ward could be Herrington Park Ward
