Dear Boundary Commission

I fully support and agree with the Local Government Boundary Commissions proposal for the Hastings Hill, Grindon, Springwell & Thorney Close to be kept together as the Sandhill Ward.

I have lived most of my life in the Hastings Hill/Grindon area in the well run Ward which has its own perfect boundary, bordered by Chester Road, Springwell Road, Durham Road and the A19 trunk road.
The Ward is the right size with some fantastic facilities and amenities, such as schools, family and youth centres, shops and good bus services that are appreciated by the residents of the Sandhill Ward.

In my opinion, splitting up this well run Ward will be detrimental for the residents who have lived there for many years.
The exceptionally busy Chester Road dual carriageway will become a barrier to the proposed Ward if any changes go ahead to split up the Ward, putting residents and councillors alike at risk and wouldn't bring communities together.

I have lived in Hastings Hill for 38 years as have many of my neighbours who have the same opinions as myself and they would like to add and express their support in keeping the Sandhill Ward as it is at present with no boundary changes.

Kind Regards
