Draft Parish Warding Arrangements for Bicester Town Council

We the undersigned Bicester Town Councillors do not support single councillor wards but support at this time maintaining the status quo of 15 Councillors divided into

four wards - East Ward (3 Councillors) North Ward (4 Councillors ) South Ward (4 Councillors) West Ward (4 Councillors)

Bicester residents being divided into 4 equal town wards of East, North, South and West better reflects the current and future growth of Bicester with long established road network and natural boundaries. for example railway lines to the north and south of the town (Bicester North & Bicester Village Stations)

Oxfordshire County Council boundaries should be as closely aligned to those of the current Cherwell District Council and Bicester Town Wards as possible.

Request that the Boundary Commission review the Bicester Town Wards and the number of Town Councillors again after the planned 2027, Bicester Town Council Elections
