**Related subject:** Owlpen

I live in Uley, the neighbouring parish to Owlpen. Uley and Owlpen are joined at the hip. The fields behind Uley merge into the fields of Owlpen seamlessly. We walk to Owlpen every few days across the fields. We know many people in Owlpen, who come to Uley to shop, drink and socialise. Merging Owlpen with Wotton is crazy thinking, with no logic or substantiation, and will split these 2 communities artificially. This is such a terrible idea, please leave Owlpen where it is.
