## Comment text:

Dear Boundary commission officers,

I strongly disagree with your proposal to move Owlpen to Wotton-under-edge for electoral purposes. I have lived in and around Owlpen for over ten years, and am proud to be part of Uley & Dursley, I only ever go to Wotton to visit the cinema. You only have to look at a map to see that this is a misguided & nonsensical idea. Owlpen has had a close relationship with Uley for over 500years, why for the sake of 32 voters you would propose to move us to an area we have NO relationship with is beyond me.

Owlpen and Uley (Dursley) have a very close relationship, both geographically and administratively, to bully us into moving to Wotton is cruel and nonsensical, you must think again. We have connections with all parts of Dursley, both with the Churches, and administrations (highways etc). I strongly disagree with this proposal, Please reconsider your proposal and come up with another idea. Please don't interfere with half a millennium of history for a box ticking exercise.

Yours Faithfully
