Related subject: Thrupp/Brimscombe Ward

Re the proposal to split a section of the Thrupp & Brimscombe ward from Chalford and Minchinhampton, to join up to Bisley and Painswick.

Strongly feel that our ward should not be split. Perhaps because we are in a valley, we are a close community. We share the same amenities, community activities, local natural and industrial history, public services etc

I don't feel that so many of the local government concerns of our more distant neighbours in Bisley and Painswick would be of such importance to people living in Thrupp, and I think to implement the new boundary proposals would potentially give rise to ongoing costly administrative headaches.
