Related subject: Trinity Ward in Stroud

The plan to move Trinity Ward out of Stroud and make it part of Bisley and Painswick seems absolutely ludicrous to me, as resident of the ward. We are in Stroud, we are an integral part of the town and we belong to Stroud. We have nothing in common with Bisley or Painswick and it makes no sense for us to be represented separately from Stroud and alongside other places with which we have no connection. I can only use the word bonkers here - I really cannot understand what on earth the council is thinking. This is an incontrovertibly BAD idea and I and many other residents will oppose it vigorously.
