Comment text:

Related subject: Horns Road Stroud Trinity Ward

I strongly object to the proposed boundary changes suggesting that Trinity Ward will be included with Bisley and Painswick. This seems to make little sense, in that Trinity Ward has key public amenities for Stroud Town such as the hospital, Cemetery, Church, Trinity Rooms and Stroud Valleys School, all of which greatly used by the town community. Trinity Ward identifies with the urban community of Stroud Town rather than the Rural communities of Bisley and Painswick. This would put great pressure on any one County Councillor to cover such an area with diverse needs, which is bound to result in unsatisfactory representation of the area.
